

Senior Project, Fall 2021 - Feature #975

Research on VMM

10/14/2021 03:54 PM - Timur Rakhimzhan

Status:	New	Start date:	09/13/2021
Priority:	Normal	Due date:	10/21/2021
Assignee:	Timur Rakhimzhan	% Done:	100%
Category:		Estimated time:	0:00 hour
Target version:		Spent time:	0:00 hour
Description			
Do literature research on VMM for the RAPID framework. We need at least four operations: -Send the task to/retrieve the result from a specific VM. -Turn on/off VM -Turn on/off PM (physical machine) -Dynamic IP address allocation management.
